### Clinical Medical Assistant

The Medical Assisting Program prepares students for clinical and laboratory procedures, administrative roles, human relations, and provides working knowledge in phlebotomy and EKG procedures. Students will gain a strong foundation in anatomy and physiology, medical terminology, the healthcare profession, and safety procedures. Upon successful program completion, students will be eligible for the National Healthcareer Association’s (NHA) certifications in Certified Medical Assistant CCMA.

- **Length:** 360 Hours
- **Tuition:** $3625
- **Start:** Sessions Begin – September 14, 2020, November 16, 2020, February 8, 2021 & April 19, 2021

### Patient Care Technician

Patient Care Technicians gain entry-level knowledge and clinical skills needed to work in a variety of employment settings like hospitals, surgical centers, and rehabilitation facilities. Employment for Patient Care Technicians is expected to grow 17 percent from 2014 to 2024, much faster than the national average for all occupations. Upon successful program completion, students will be eligible for the National Healthcareer Association (NHA) certification in Certified Patient Care Technician/Assistant (CPCT/A).

- **Length:** 200 Hours
- **Tuition:** $3375
- **Start:** Session anticipated Fall 2020

### Certified Nurse Aide

The Certified Nurse Aide in Long-Term Care Facilities Program is a New Jersey Department of Health and Senior Services approved training course. The objective of this program is to provide students with basic nurse aide knowledge and skills needed to care for residents and prepare nurse aides to assume the responsibilities of a trained caregiver. A nurse aide candidate must successfully complete the New Jersey curriculum for Nurse Aide in Long Term Care Facilities Training and Competency Evaluation Program (NATCEP).

- **Length:** 90 Hours
- **Tuition:** $1525
- **Start:** Day Sessions Begin – September 9, October 19 & December 7, 2020; February 1, March 26 & May 10, 2021
- **Evening Session Begins** – January 26, 2021

### Phlebotomist

The Phlebotomist is a vital member of the clinical laboratory team whose main function is to obtain patient’s blood specimens by performing veni-punctures and capillaries for collection of minute quantities of blood. Students will gain national certification through the Phlebotomy Technician Certification program (CPT), which is accredited by the National Commission for Certifying Agencies (NCCA) and issues CPT certifications through National Healthcareer Association, Inc.

- **Length:** 225 Hours
- **Tuition:** $1950
- **Start:** Sessions Begin – October 5, 2020, December 14, 2020, March 1, 2021 & April 17, 2021

---

**CAREER LADDER**
